Super Matte Media

Premium Digital Matte photo paper from Luxury range

DNP
Photo Imaging

The first premium photo paper dedicated to color and black and white prints

Matte finishing, with no glare from any angle, is perfect for framing, and enhances the creations of professional and expert photographers. By choosing Super Matte, maintain natural colors and subtle shades of gray on black and white prints.

The smooth, grain-free texture gives prints an exceptional soft & satin finishing.

Super Matte media offers added value prints that highlight your client's artwork !

Super Matte Media

THE MULTIPLE BENEFITS OF SUPER MATTE

▶ **Full matte finishing**
Exceptional finish: enjoy an intense matte finish that ensures minimal glare and provides a striking depth of image. Its characteristics make it ideal for photo framing.

▶ **Perfect for black & white**
Super Matte offers sharp, powerful blacks with subtle shades of gray and contrast.

▶ **Wonderful natural colors**
Super Matte brings a wide spectrum of color and contrast. Its smooth, glare-free texture highlights a soft gradation of color.
ONE MEDIA, A VARIETY OF CREATIONS

▶ **Ideal for all types of prints**
Thanks to these characteristics, Super Matte is perfect for all prints from warm, light, vivid tones, and black and white by adding intensity and an authentic atmosphere.

▶ **Many print formats**
From the bookmark format 5x15 cm (2x6") to the large panoramic 15x50 cm (6x20"), the Super Matte will satisfy all your customers' desires!

## EXCEPTIONAL RENDERING FOR DIFFERENT USES

STUDIO

Photo studio: grain-free finishing providing a soft tint and a velvety effect on the skin, ideal for portraits.

EXPOSITION

Artistic photography: minimum reflection, perfect for photo framing at exhibitions.

WEDDING

Social photography: soft finishing and delicate blend of colors embellishing wedding, Christmas or birthday photos.

FILMAGE

Event photography: unique rendering bringing strong added value to your clients' creations in photo-filming or tourism photography.

PACKSHOT

Professional photography: a refined, no grain finishing that highlights all the subtleties of the photo to better reflect the creative work associated with premium products (fine jewelry, perfume, automotive industry...).

Be creative and use our other special media available with our printers : **the Luxury range** with Super Matte and Metallic, and **the Creative range** with Sticker and Perforated.
